#### APPENDIX VI.

[Vide answer to starred question No. 388, asked by Sri K. Vinayakam at the meeting of the Legislative Assembly held on 12th September 1959, page 553 supra.]

1. The broad principles suggested by the Government of India to be followed by the State Governments for the award of scholarships to Scheduled Castes, Scheduled Tribes and Other Backward Classes for post-matriculation studies are as follows.

2. Candidates for the award of scholarships shall be members of the Scheduled Castes, Scheduled Tribes and Other Backward Classes as recognized for the purpose, shall be citizens of India or subjects of the Protectorate of Sikkim or Portuguese possessions in India and shall have passed the Matriculation Examination of a University established by law in India or any other equivalent examination of a recognized University or a Board of Secondary Education in India or in a foreign country.

3. Candidates for the award of scholarships should have taken admission to a recognized course of study, i.e., undergraduate, graduate, post-graduate or post-matriculation diploma course recognized by the University as the case may be. If the candidate is not pursuing University education, the course of studies should be recognized as such either by the State Government or by the Government of India and the qualification for admission to such a course should be a pass in the matriculation or equivalent examination or any higher examination.

4. The primary consideration in the award of scholarships shall be the merit of the candidate.

5. The State Government shall also take into consideration the financial position not only of the candidate himself but also that of his parents/guardian in case he/she belongs to Other Backward Classes. For this purpose a candidate belonging to Other Backward Classes will have to furnish the State Government with a certificate from a Revenue Officer not below the rank of a Tahsildar/Deputy Tahsildar wherever such a designation is used,
